

# DRAFT LOCAL ALCOHOL POLICY

## Summary of Information

Tasman District Council is consulting on a draft Local Alcohol Policy (LAP) under the Sale and Supply of Alcohol Act 2012. The LAP helps guide how alcohol is sold and supplied in the Tasman District, with the aim of minimising alcohol-related harm while supporting safe, responsible use.

## WHAT THE DRAFT LAP PROPOSES

Continue most of the current policy settings, including maximum trading hours for on-licences, off-licences and club licences. Note: Council is also considering alternative options for off-licences (such as 9.00 am – 9.00 pm, 7.00 am – 9.00 pm).

Introduce a presumption against issuing licences for new bottle stores within 100 metres of schools (any existing licensed premises would not be affected).

Include Buy Now Pay Later (BNPL) as a potential discretionary condition for off-licences (for example, a licence may be granted on the condition BNPL is not promoted or used for alcohol sales).

## WHERE TO READ THE FULL STATEMENT OF PROPOSAL

The Draft Local Alcohol Policy, Statement of Proposal and supporting information are available online at [shape.tasman.govt.nz/local-alcohol-policy-review](https://shape.tasman.govt.nz/local-alcohol-policy-review), and for viewing during normal opening hours at Tasman District Council offices and libraries (Takaka, Motueka, Murchison and Richmond).
